

- ✓ The best place to go for all immunization requirements is your regular Primary Care Provider. We recommend that you make an appointment as soon as possible.
- ✓ Your child may qualify for low or no cost vaccines through the Vaccines for Children (VFC) Program if he/she is younger than 19 years old and:
 - Is Medi-Cal or Child Health and Disability Prevention (CHDP) eligible; or
 - Is uninsured (does not have private health insurance); or
 - Is an American Indian or Alaskan Native.
 Ask your provider if they participate in the VFC Program for more information.
- ✓ ***Please bring your immunization record with you to each visit!***
